VIVA Wireless IP Camera

General Information	
Item	Wireless IP Camera
Part Number	VFC1001
Features	1.0 megapixel, motion detection, video push, ONVIF
OEM	OEM, ODM available

Product Description

Wireless security cameras provide surveillance for homes or businesses. The uses of these cameras vary. The wireless security cameras we provide are all with remote access, allowing users to monitor activity inside of their homes to view interaction between caregivers and a child or to monitor children home alone. Businesses rely on these cameras as well. Many wireless security cameras have motion and sound sensors that send out alerts to the user if the sensor triggers. Wireless cameras also allow users to install them in areas where wired security systems are not feasible.

Peace of mind for when you're not there

In a mobile connected world, we provide innovative security camera solutions that help you keep in touch with whatever is important to you – your home, business or family, with a computer, Smartphone or tablet.

Features

2. Wired or Wireless Internet connection
3. Remote Access from Windows or Mac computer, Android or iOS Smartphone or Tablet
4. Night Vision with Infrared LEDs and IR-Cut, 15 meters night vision distance
5. Motion detection alarm
6. PUSH alarm alerts to mobile phones and emails
7. P2P, 2-way audio, ONVIF

Specification

Specification		
Model	VFCB01	
System	Embedded LINUX OS	
Video	Image Sensor	1.0 Megapixel CMOS, 1/4”
	Video Compression Format	H.264
	Lens	Fixed 2.8mm lens
	Video Resolution	Main:1280 x 720 @ 30 fps, Min.: 640 x 480 @ 30 fps
	Recording Speed	VGA@ 25 fps or 30 fps
	Motion Detection	YES
	Minimum Illumination	3 to 8 LUX
	IR	YES, IR LEDs and IR Cut
	IR Distance	15 meters
	Flow Type	Dual Stream encoding
	Bit Rate	128-8192kbps
	Bit Rate Type	CBR/VBR
	S/N Ratio	>50DB
	Image enhancement	Auto White Balance, Backlight compensation, Brightness, Contrast, Saturation adjusted
	Subtitles input	Support channel name, date/time
	PTZ	355° PAN, 120° TILT
Audio	Compression	G.711A, G.711U, G.726
	Audio Input / Output	Built-in microphone / Built-in speaker
	Audio Communication	2-way audio
Record	Recording Mode	Manual / Timer / Motion / Scheduled
	Video Storage	USB or Micro SD
Alarm	Alarm Input	Motion detection with in-Built Motion Sensors
	Alarm Output	Speaker
	Alarm Alert	Push alerts to smart phones, emails, alarm log
	Record	Alarm logs, video records, SD storage
Access	Remote Viewing and Control	Computer, Android or iOS Smartphone or Tablet
	Apps	Web browsers, PC client, Android or iOS apps
Network	Ethernet Interface	RJ45 100M / 1000M Base-TX
	Wi-Fi	802.11 b/g/n
	Security	IP filtering, password protection, access log
Mechanical and Environmental	Interfaces	1 x USB 2.0, 1 x Micro SD
	Power Supply	DC 5V 2A
	Power Consumption	2W
	Working Temperature	-10℃ to +60℃
	Working Humidity	10% to 80%
	Dimensions (mm)	102 x 64.5 x 40 mm
	Weight	350g
Compliance	Standard	ONVIF
	Certificates	CE, FCC, RoHS

Production and Quality Control

Packaging and Shipping

1. 1 x wireless camera + 1 x power cord + user manual + CD
2. In rugged paper box with Anti-static bag and damage protective stuffing
3. Fast shipping within 3 days
4. Shipping by DHL, UPS, FedEx, TNT international express, by air, or by sea
5. Can work with appointed freight forwarder

Services

1. OEM, ODM of smart phone camera
2. ISO9001 standardized production and quality control
3. 1-year Warranty
4. Professional services on pre-sale and after-sale technical and trading support

Company

Professionalism
• Solid relationship with chipset company
• Up-to-date technology and products to lead the market trend
• Well-orchestrated prolific R&D team with 60 experienced engineers
Efficiency
• Quick response within 24 hours
• Fast delivery in 3 to 5 days
Quality
• 4 strictly monitored production lines including SMT, testing, and packaging
• 11 Quality Control procedures during the whole production
• < 0.5% RMA rate in the past 10 years
Service
• Pre and after sales technical support
• Extensive support on international trade (terms, logistics, market)
• Ever-Updating cloud services (firmware updating)

FAQ

1. Can the wireless ip camera work with Android System?
- Yes. The smart phone camera can work with Android and iOS.

2. Can I buy samples?
- Yes you are welcome to order samples for testing prior to orders.
